SCHEDULING:

- All times are when teams need to be at their assigned traps and prepared to shoot. After the starting time for each day, all starting and completion times are estimated.
- If an athlete does not report to the assigned field by the scheduled time, he/she will have to be moved to the final squad out for the team.
- Coaches should pre-squad their team based on the above schedule.
- The number in parentheses (0) indicates the number of student athletes scheduled for each round.
- Squads with fewer than five shooters need to combine with other members from other teams to form complete squads of five to complete the round in the allotted time.
- No athlete registrations or substitutions are allowed.
- Student athletes should add a name label to their shotgun prior to the event.

CHECK-IN:

- Coaches must check-in at the clubhouse one hour prior to first scheduled shooting time.
- Coaches will receive instructions, scoresheets, and athlete name labels at check-in.
- Student athletes must check-in with their team at their assigned field at least 30 minutes before the scheduled time. They DO NOT need to check-in with tournament officials.
- If a registered student athlete is not attending the event, coaches should notify tournament scoring officials.

SQUADDING:

- Session 1 scoresheets will be titled and printed in black ink. Session 2 scoresheets will be titled and printed in red ink. Please use the corresponding scoresheets for each Session.
- Student athlete name labels are also designated by Session 1 and Session 2. Use the Session 1 labels on the Session 1 scoresheet. Do the same for Session 2.
- Coaches will affix pre-printed student athlete name labels containing the athlete information on the scoring sheet to form a squad.
- If an athlete label is missing, clearly print the school name and athlete name in the label area on the scoresheet.
- Squadding order for each Session needs to be exactly the same.
- Members from different teams used to complete a full squad can use their name label on the same scoresheet.

COMPETITION:

- Teams must supply their own scorekeeper.
- Student athletes will shoot two consecutive rounds of 25 targets in each session.
- Squads cannot take a break between rounds during each Session except to retrieve the second box of ammunition.
- Squads for Session 2 must be comprised of the same athletes and squad sequence as Session 1.
- It is important to be prepared to shoot immediately after the previous team completes their round.
- The only time a round score may be disputed is on the field immediately after a scorer has announced a lost target.
- Coaching is not allowed while athletes are shooting. Coaches may assist special need student athletes that require help while shooting.

ROUND COMPLETION:

- Submit your scoresheet to the scoring officials immediately after a squad's round is complete.

SCORE POSTINGS:

- Scores will be posted online at www.claytargetleaderboard.com or by downloading the Clay Target Leaderboard app.
- Coaches should verify their team's scores on their electronic device.
- If there is a scoring discrepancy, the head coach of the team should notify the scoring officials immediately.

AWARDS CEREMONY

- All event and conference awards will be distributed after the event.
- If an student athlete or team that earned a conference award needs to leave the event prior to the awards ceremony, then a representative from the team should pickup the award(s) prior to departure.

SAFETY IS EVERYONE'S NUMBER ONE PRIORITY!
